Sir:

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicants respectfully request that the
publications relating to the above-mentioned application listed herein and on the accompanying
PTO Form 1449 be considered by the Examiner and made of record in the U.S. Patent and
Trademark Office.

The references listed herein and on the accompanying Form PTO 1449 were either cited by the Examiner or previously submitted in parent application U.S. Serial No. 09/969,844, filed December 23, 2005. Pursuant to 37 C.F.R. § 1.98(d), the references are not required if the earlier application is identified and relied upon for an effective filing date under 35 U.S.C. § 120 and therefore are not enclosed herewith.

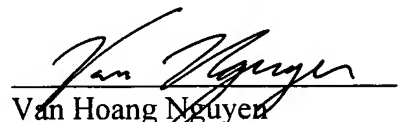

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents is material or constitutes "prior art." If the Examiner applies the documents as prior art against any claim in the application and the applicant determines that the cited documents do not constitute "prior art" under United States law, the applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of the documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claim of the present application.

Applicants have enclosed a required fee of \$180. If any additional fee is due, or if any overpayment has been made, the Commissioner is authorized to charge any such fee or credit any overpayment, to our Deposit Account No. 02-4377.

Respectfully submitted,
